## PENJELASAN TEKNIS

1. **Gas Rumah Kaca**  
Gas Rumah Kaca adalah gas yang terkandung dalam atmosfer, baik alami maupun antropogenik, yang menyerap dan memancarkan kembali radiasi inframerah.
2. **Efek Rumah Kaca**  
Efek Rumah Kaca adalah keadaan ketika panas (radiasi matahari) terperangkap di atmosfer (lapisan troposfer).
3. **Emisi**  
Emisi adalah produk yang dihasilkan selain panas dalam reaksi pembakaran.
4. **Inventarisasi Gas Rumah Kaca**  
Inventarisasi Gas Rumah Kaca adalah kegiatan untuk memantau dan menghitung tingkat dan status Gas Rumah Kaca dari berbagai sumber emisi (*sources*) dan penyerapannya (*sink*) akibat kegiatan manusia (antropogenik).
5. **Konsumsi Bahan Perusak Ozon**  
Konsumsi bahan perusak ozon berdasar pada Laporan *Country Programme* Kementerian Lingkungan Hidup dan Kehutanan untuk Sekretariat Ozon *United Nations Environment Programme (UNEP)*.
6. **Limbah**  
Limbah adalah bahan/barang sisa atau bekas dari suatu kegiatan atau proses produksi yang fungsinya sudah berubah dari aslinya.

## TECHNICAL NOTES

1. **Greenhouse Gas**  
*The greenhouse gas is a gas that absorbs and emits radiant energy within the thermal infrared range.*
2. **Greenhouse Effect**  
*The greenhouse effect is the process by which radiation from a planet's atmosphere warms the planet's surface to a temperature above what it would be without this atmosphere.*
3. **Emission**  
*Emissions are the products produced other than heat in a combustion reaction.*
4. **Greenhouse Gas Inventory**  
*GHG inventory is an activity to learn and count the level and status of GHGs from various emission sources and sources (drowning) due to human activities (anthropogenic).*
5. **Consumption of Ozone Depleting Substances**  
*Consumption of ozone-depleting substances is based on the Country Program Report of the Ministry of Environment and Forestry for Ozone Secretariat United Nations Environment Program (UNEP).*
6. **Waste**  
*Waste is leftover or used materials/goods from an activity or production process whose function has changed from the original.*
